Appendix H: Completed Comment Forms

What are your comments on the proposed north alternative?

- First IT would be less cost for ADOT less money from our taxes
- Second, as a property owner @ Farmington Glen (northside) would have a freeway @ my door way

Yes!

What are your comments on the proposed south alternative?

Will take longer and will obstruct local trafic longer and will obviously cost more
take in consideration FLOOD zones due to River (GILA) close by.

No!

What are your comments on the proposed north alternative?

ROW ACQUISITION COSTS SHOWN ON ADOT DISPLAY FAIL TO ADDRESS COST WHEN ROW WILL BE ACQUIRED AND GIVE A FALSE SENSE OF IMPACT AND ARE SELF SERVING ADOT'S DESIRE FOR THE NORTH ROUTE

What are your comments on the proposed south alternative?

What are your comments on the proposed north alternative?

RADICALLY SLICES PARCEL THAT ARIS CONSTRAINED BY MAJOR UTILITIES ALREADY.

What are your comments on the proposed south alternative?

LOOKS CONSIDERABLY LESS DISRUPTIVE. WILL NOT CUT UP OTHER PROPERTIES THAT COULD BE DEVELOPED.

Name: MIKE SMITH Phone: 623-764-2364

Address: 6316 N 34TH AVE, PHX 85017

What are your comments on the proposed north alternative?

BISECTS COMMUNITIES, HURTS ECONOMIC DEVELOPMENT, DESTROYS SEVERAL NEWLY PLANNED PROJECTS' MASTER PLANS WHICH WILL COST MILLIONS MORE IF ROW IS NOT RESERVED IMMEDIATELY

What are your comments on the proposed south alternative?

MAKES THE MOST LONG TERM SENSE. THOUGH INITIAL IMPACT IS GREAT, ULTIMATE ECONOMIC BENEFITS TO EACH OF THE COMMUNITIES OUT WEIGH COSTS

Address: 4635 South 70th AVE Phx AZ 85043
E-mail: kittyranch@netzero.com

What are your comments on the proposed north alternative?

PREFER THE NORTHERN ROUTE
REMOVAL OF LESS HOMES, MORE DIRECT ROUTE

BUT, 2023 BEFORE THE FIRST
SHOVAL OF DIRT IS TURNED —
WHY SO FAR OUT? WE NEED THIS

What are your comments on the proposed south alternative? FREEWAY NOW FOR THE WEST VALLEY,

Name: STEVE BARTISH

Address: 17837 W. DESERT VIEW LN

E-mail: GOODYEAR, AZ 85338

What are your comments on the proposed north alternative?

This route would be less intrusive to current residents and would cost much less if the right of way was purchased now. Could we learn from the South Mtn. ordeal now being played out! Also, this Northern route would not effect Tres Rios or other environmental issues along the rivers.

What are your comments on the proposed south alternative?

More expensive + more intrusive to current residents.

What are your comments on the proposed north alternative?

not so convenient for me.

What are your comments on the proposed south alternative?

better for me.
We live at 99th, ½ mile s. of Broadway
We would rather be removed than left next to a freeway.

What are your comments on the proposed north alternative?

Taxpayers will fund SR-801 - a straight line is the ~~closest~~ shortest distance between two point, the Southern alinement is not a straight line + would no doubt cost the taxpayer alot more money. therefore, the Northern alinement makes more sense.

What are your comments on the proposed south alternative?

If SR-801 is placed on this alinement it will have a negative impact on any proposed wet land project like Tres Rios.

What are your comments on the proposed north alternative?

I believe this is the best route "currently" for the 801 seeing as how it is the most direct, runs along the major power lines (which cannot be healthy to live by anyway) and would be the most cost effective to build if farm fields are left where they are and homes & businesses are not allowed to be built up in the 801 right of way. I know Avondale doesn't want to leave vacant land but seems like most logical & cheaper.

What are your comments on the proposed south alternative?

This Route in my opinion, and not just because I live there, is way too close to the rivers bed. Even with the Tres Rios the 801 will be at risk for floods from Mother Nature, I've been in the area through 2 el niño flood years and have seen the fury of the Gila river and when you put the freeway too close to the river anything can happen, Remember Mill ave 1993 bridge, I-10 over Salt River, and even back in 70's when all but Central's bridge over 10 (Salt River) were closed because of floods.

Name: MARY HARTIGAN Phone:

Address: 6216 S. 122 AVE TOLLESON AZ 85353

E-mail:

What are your comments on the proposed north alternative?

The northern route is better because it will have less impact on the rivers.

But where do we go with our 2 cows? We had to leave Lehi because of the 202, now this! Leave a few county islands, please.

What are your comments on the proposed south alternative?

Name: CATHY Renaldi Phone: 623-936-7334

Address: 6807 W Romley PHX 85043

Thanks for opportunity to give my input . . . .

What are your comments on the proposed north alternative?

Nice straight Alignment

Less money

Home Being Built in or near North Alignment when Builder knew About freeway — NOT fair to people around Southern alignment — most have lived there for years. . .

Plans are Being made Now to fill the North Alternative full of homes. = Do They know something the Average home owner does NOT.

Keep the freeway by the Big power lines. No one Needs to live Near them.

What are your comments on the proposed south alternative?

① It will displace more homes.
② New Homes are Being Built in North alternative area when Builder knew this was possible.
③ Holly area will Be bought-out These people should have priority.
④ COST more - As freeway longer.
⑤ The freeway will ruin part of West Southern Ave.
⑥ The idea of Rio Salado was to enhance the Beauty of the river - NOT Destroy with a freeway.
⑦ The Southern route will ruin the Beauty of the Estrella Mountains - We only have a few mountains Dont destroy it with pollution from vehicles - Give

1) If the South Rough is Bottom line Long term for Revenue, Due to home Density + $'s via Taxes.
Please have the "Vision" Long term Vision to see What the South Land Could Be:
A Riverwalk, Recreation, Entertainment etc.
This Could more than out way the Long term Revenue that the TAX dollars will bring.

2) Long Term Health effect from the Electrical 500kV Power lines, if home ~~are~~ US Freeway is built
Already Cancer Data Avail - Environmental Issue
