

# US 191 Chinle - Black Mountain Wash

## SHOULDER WIDENING

The Arizona Department of Transportation has initiated a shoulder widening project along US 191 in Navajo County. The project is located between Chinle and Many Farms from milepost 450 to 460.

### PROJECT OVERVIEW

The shoulder widening project is scheduled to begin spring 2022 and end late spring/summer 2023. The project cost is approximately \$17 million. The purpose of the project is to improve safety by widening the shoulder on both sides of the roadway to reduce run-off road and rollover crashes.

The work includes, but is not limited to:

- ▶ Installing rumble strips on centerline and shoulders.
- ▶ Installing pavement markings.
- ▶ Installing traffic delineators, as required.

### WHAT TO EXPECT

Construction will result in traffic restrictions for the traveling public. The roadway within the project boundary will be reduced to one lane of alternating north- and southbound travel through the construction zone. Flaggers and a pilot car will lead traffic through the work zone during construction.
