CALLER: GRACIE CANFIELD	CALLER ADDRESS: 5630 S. 107TH AVE, TOLLESON, AZ 85353
PHONE: 623-936-3233	EMAIL:

CALLER REMARKS/QUESTIONS:

Wants to know how close to her property will the freeway run and when is it planned for construction.

RESPONSE:

Ms. Canfield was instructed that should a build alternative be selected, it appears that her property lies outside of the area where right-of-way would be acquired. She was encouraged to call ADOT's Right-of-Way Group at 602.712.7316 for a more detailed analysis.

She was also told that the freeway is planned for construction beginning in 2023-2025.

PHONE: 602-818-4792	EMAIL:

CALLER REMARKS/QUESTIONS:

She would like to know when State Route 801 is planned for construction. She also was wondering if this potential freeway would affect her house.

RESPONSE:

Ms. Lopez was told that the freeway was not due to be constructed until 2021 according to the current funding schedule as part of the Regional Transportation Plan. She then supplied her address and requested that I look into whether or not her house would be affected by any of the current alternatives. She requested that she be called back tomorrow afternoon because she was at work.

May 22, 2007 @ 2:30, a message was left for Ms. Lopez to call.

CALLER: STEVE EMORY	CALLER ADDRESS:
PHONE: 602-576-4413	EMAIL: S_EMORY2001@YAHOO.COM

CALLER REMARKS/QUESTIONS:

He would like to know the status of the State Route 801 study (proposed Loop 303 to proposed Loop 202).

He said that he was not notified prior to the May 17 open house and that he did receive a flier announcing this open house a week after the meeting happened.

He has spoken to federal agencies regarding this study and how it relates to the Tres Rios project. They told him that they are not aware of the SR 801 study and that no freeway project should even be considered 1,000 feet from the Tres Rios project.

He provided his e-mail address so that he could be sent a comment sheet from the May 2007 open house.

RESPONSE:

He was told that the May 2007 open house displayed the two alternatives (north and south) that the study team was still considering. It was mentioned that he would be sent an e-mail with a comment sheet that he can use to send in his written comments. The e-mail would also contain the study web site address so that he can review the latest information.

He was encouraged to provide the study team with the names and mailing addresses/e-mail addresses of anyone else who would like to receive written notification of the public hearing in 2008.
