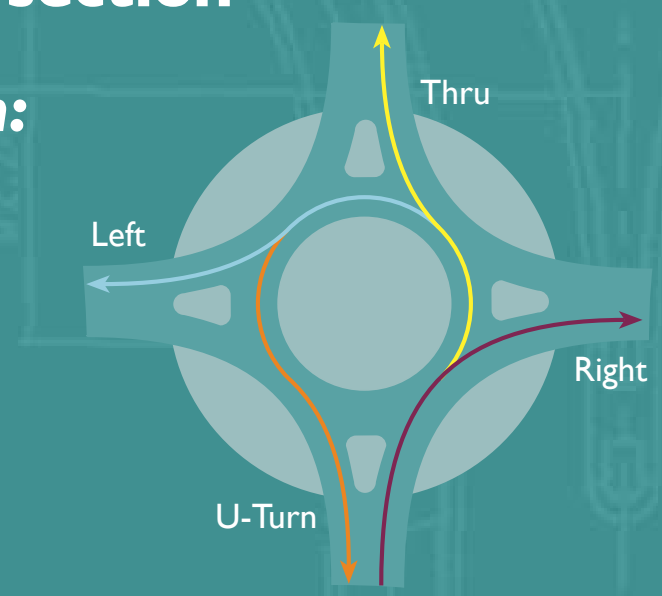
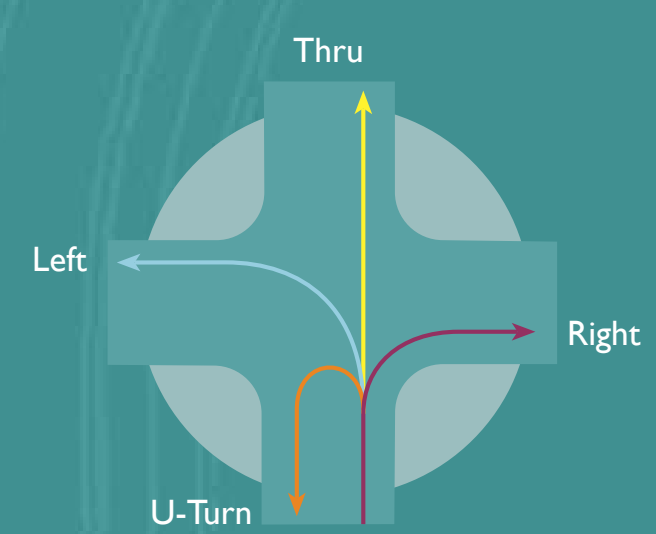
When entering a roundabout, always yield to traffic approaching from the left. Wait for a safe gap in the traffic, remembering that those in the roundabout have the right-of-way.

Left turns (Left Turn) and U-turns ("U" Turn) are completed by traveling around the center island.

A roundabout will have ONE-WAY signs mounted in the center island. (ONE-WAY) All vehicles in the roundabout travel in one direction.

Drive a Roundabout like a Traditional Intersection

Your Plan of Action:




1. Approach slowly
2. Yield to left
3. Wait for gap
4. Proceed slowly
5. Use signal for turns
