

US 191 Chinle-Lukachukai Wash Bridges

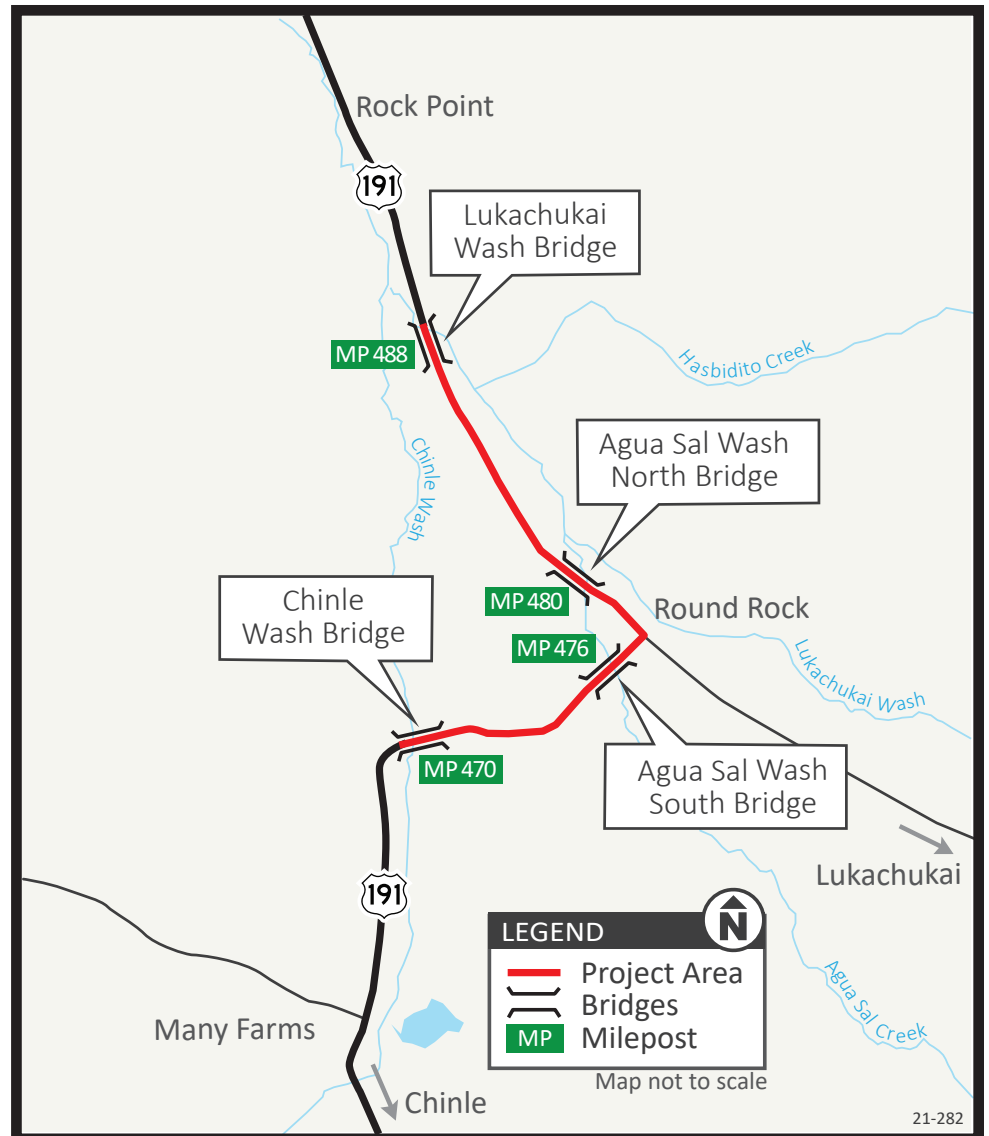

BRIDGE REHABILITATION AND REPLACEMENT

PROJECT OVERVIEW

The project will include removal and replacement of the Lukachukai (milepost 488) and Agua Sal North (milepost 480) bridges. The Agua Sal South and Chinle Wash bridges will be rehabilitated, which will include new bridge decks and the reconstruction of the roadway approaching the bridges, guardrail replacement and other related work.

WHAT TO EXPECT

- ▶ North- and southbound US 191 will be narrowed to one lane only with alternating travel weekdays beginning in November 2021 and continuing through the end of 2022.
- ▶ Traffic will be controlled by a temporary traffic control signal.
- ▶ Drivers need to be prepared to slow down and stop in the work zone and use caution around construction personnel and equipment while the restrictions are in place.
