

## OVERVIEW

The Arizona Department of Transportation will be conducting a project to construct near-term improvements at the US 60 and Loop 303 interchange to improve traffic flow.

## IMPROVEMENTS

The northbound Loop 303 off-ramp at US 60/Grand Avenue will be widened to add:

- ▶ A second lane to the ramp for exiting traffic
- ▶ Three dedicated left turn lanes and one dedicated right turn lane onto US 60

## LONG-TERM IMPROVEMENTS

ADOT conducted a feasibility study to identify potential future improvements that could be made to improve traffic flow on US 60/Grand Avenue between Loop 303 and 163rd Avenue. Recommendations include evaluating a possible US 60/Grand Avenue overpass at 163rd Avenue, grade separating eastbound US 60 between RH Johnson and 163rd Avenue and reconfiguring the design of the current 163rd Avenue intersection. There is currently no funding programmed to design or construct these improvements.

## PROJECT SCHEDULE

Construction of the near-term improvements is scheduled to begin in summer 2024 and take approximately 10 months to complete.

## WHAT TO EXPECT

- ▶ Lane restrictions and ramp closures will be needed.
- ▶ The work hours will be established once a contractor is selected.
- ▶ ADOT will provide advance notice of restrictions and closures to email subscribers and on the project web page.

## STAY INFORMED

- ▶ Visit the project website at [azdot.gov/us60-303-upgrades](https://azdot.gov/us60-303-upgrades) for more information and to subscribe for project updates by email.
