## Your Input is Needed

### Interstate 19: San Xavier Road to Interstate 10 Design Concept Report and Environmental Assessment

**Tuesday, March 31, 2009**

**5 to 7 p.m.**

**Valencia Library**

**Large Meeting Room**

**202 W. Valencia Road, Tucson, AZ**

**Brief Presentation at 5:15 p.m.**

You are invited to attend a Public Open House for the Interstate 19: San Xavier Road to Interstate 10 Design Concept Report and Environmental Assessment on March 31, 2009, from 5 to 7 p.m. at the Valencia Library. The Arizona Department of Transportation (ADOT), in association with the Federal Highway Administration (FHWA), is currently evaluating improvements to I-19 to alleviate congestion and increase capacity within the corridor.

In January 2005 and March 2007, ADOT/FHWA held public meetings on the proposed improvements to I-19 as identified in the 2003 I-19 Corridor Study prepared by ADOT. Some of the proposed improvements previously identified at these meetings have notably changed to address concerns raised by the public and government agencies. These changes include extending the project to I-10, modifying the proposed new right-of-way requirements and altering the exit ramp alignments.

For additional meeting information or to submit written comments, contact Paki Rico with Gordley Design Group at (520) 327-6077 or [paki@gordleydesign.com](mailto:paki@gordleydesign.com). Please submit any written comments by April 14, 2009.

For technical and project information, please contact Robin Raine, ADOT Project Manager, at (520) 388-4264 or Bill Schlesinger with AECOM at (520) 917-4531.

People with a disability may request reasonable accommodations in accordance with the Americans with Disabilities Act (ADA) by contacting Paki Rico at (520) 327-6077. Requests should be made as early as possible to allow time to arrange the accommodations.

Robin Raine  
ADOT Project Manager

Greg Gentsch  
ADOT Tucson District Engineer

Floyd Roehrich, Jr.  
ADOT State Engineer
