

INTERSTATE 19: San Xavier Road to Interstate 10

Public Hearing Your input is needed!

The Arizona Department of Transportation and Federal Highway Administration invite the public to attend a public hearing on Wednesday, June 15, 2011. The purpose of the hearing is to obtain public comment on the draft Environmental Assessment for the Interstate 19: San Xavier Road to Interstate 10 Study. The initial Design Concept Report will also be available for review.

The purpose of the study is to evaluate improvements along I-19 between San Xavier Road and I-10, to alleviate congestion and increase capacity within the corridor through 2030. **Potential improvements may include:**

- Additional travel lanes
- The reconstruction of the traffic interchanges at Ajo Way and Drexel Road
- A new pedestrian bridge between Irvington Road and Ajo Way that would replace the existing bridge and would be compliant with the Americans with Disabilities Act
- Improved drainage at the Rodeo Wash, Irvington Wash and other locations

The community is encouraged to ask questions and provide comments on the proposed improvements. Team members will be available to answer questions and discuss individual and property-specific concerns. Maps and displays will be available for viewing. Public comments can be submitted by written comment form, and/or spoken comment given at the formal comment session to the court reporter who will be present at the hearing.

From June 1 through June 30, 2011, the draft Environmental Assessment document will be available for viewing online at www.azdot.gov/i19 and at the Valencia Library, 202 W. Valencia Road, Tucson, AZ 85706.
