(727)
Arizona FY 2009-2012
Statewide Transportation Program (STIP)
Approval of Amendment No. 16

Mr. John S. Halikowski, Director
Arizona Department of Transportation, (100A)
Phoenix, Arizona 85007

Dear Mr. Halikowski:

We have reviewed your March 13, 2009 request to amend the FY 2009-2012 Statewide Transportation Improvement Program (STIP) to include the enclosed list of 28 prioritized projects utilizing American Recovery and Reinvestment Act of 2009 (ARRA) funds.

We accept this Amendment in accordance with 23 CFR 450 and find that this STIP amendment was developed based on a continuing, cooperative and comprehensive transportation planning process in accordance with the 23 USC 134 and Section 5303 of the Federal Transit Act (49 USC 53). The changes made to the program by this amendment are either exempt or are regarded as minor project revisions that do not require conformity determinations [40 CFR §93.126].

This letter constitutes approval, and inclusion of Amendment 16 into the Arizona FY 2009-2012 Statewide Transportation Improvement Program (STIP). Our approval is based upon the Arizona Department of Transportation's assurance that the funding for the project in this amendment will not adversely impact the STIP Financial Plan. Given the high level of interest in the ARRA program at the national level, we would request that ADOT include the list of ARRA projects in this amendment on the ADOT website in such a way that they are easily distinguishable to the Public as ARRA funded projects.

Sincerely yours,

Edward S. Stillings
Engineering Development Coordinator

RE: FY 2009-2012 STIP, Amendment #16

Dear Mr. Hollis:

As the Governor's designee, I cordially request Amendment Number 16 of the FY 2009-2012 State Transportation Improvement Program (STIP) to include the attached list of prioritized projects for Greater Arizona (also known as 13 Other Counties) utilizing American Recovery and Reinvestment Act of 2009 (ARRA) funds and approved by the State Transportation Board on March 13, 2009.

This amendment is in accordance with 23 CFR 450 and was developed based on a continuing, cooperative, and comprehensive transportation planning process in accordance with 23 USC 134 and section 5303 of the Federal Transit Act (49 USC 53). The changes made to the program by this amendment are exempt from the requirements that a conformity determination be performed. The funding for these projects is already within the approved STIP Financial Plan and therefore does not adversely impact the STIP Financial Plan.

Your prompt approval of this request will be greatly appreciated.

Sincerely,

John S. Halikowski

JSH/lh
