Statewide Transportation Program (STIP)  
Approval of Amendment No. 21

Mr. John S. Halikowski, Director  
Arizona Department of Transportation, (100A)  
Phoenix, Arizona 85007

Dear Mr. Halikowski:

We have reviewed your April 7, 2009 request to amend the FY 2009-2012 Statewide Transportation Improvement Program (STIP) to include a TIP Amendment for projects utilizing American Recovery and Reinvestment Act of 2009 (Economic Recovery) funds as approved by the Central Yavapai Metropolitan Planning Organization Executive Board on April 2, 2009. The two projects (Glassford Hill Road Pavement Overlay and Rison Lane Multi-use Path Transportation Enhancement) are identified in the enclosed tables.

We accept this Amendment in accordance with 23 CFR 450 and find that this STIP amendment was developed based on a continuing, cooperative and comprehensive transportation planning process in accordance with the 23 USC 134 and Section 5303 of the Federal Transit Act (49 USC 53). The changes made to the program by this amendment are either exempt or are regarded as minor project revisions that do not require conformity determinations [40 CFR §93.126].

This letter constitutes approval and inclusion of Amendment 21 into the Arizona FY 2009-2012 Statewide Transportation Improvement Program (STIP). Our approval is based upon the Arizona Department of Transportation's assurance that the funding for the project in this amendment will not adversely impact the STIP Financial Plan. Given the high level of interest in the Economic Recovery program at the national level, we would request that ADOT include the list of Economic Recovery projects in this amendment on the ADOT website in such a way that they are easily distinguishable to the Public as Economic Recovery funded projects.

Sincerely yours,

Edward S. Stillings
