

ARIZONA DEPARTMENT OF TRANSPORTATION

State Route 80 Tombstone Pavement Preservation

Sept. 18, 2009

For Immediate Release

Roadway Improvements on State Route 80 in Tombstone to be Complete Early October

Safford District
2082 US Highway 70
Safford, AZ 85546

The Arizona Department of Transportation (ADOT) has completed roadway improvements through Tombstone on State Route 80, from Fulton Street to 11th Street. Final striping of the roadway will take place Sept. 29 and 30.

This \$621,909 American Recovery and Reinvestment Act project included median improvements, repaving the street and roadway restriping. These improvements create a smoother roadway area with decorative concrete accents for the local and traveling public to enjoy.

ADOT would like to thank the community of Tombstone for its cooperation and patience during these improvements.

ADOT advises drivers to proceed with caution, obey all posted speed limit signs and be alert for construction equipment and personnel.

While ADOT strives to inform the public about planned roadway restrictions, during any complex construction project, there is a possibility that unscheduled closures or restrictions may occur. ADOT appreciates your patience as we construct these improvements.
