ARIZONA DEPARTMENT OF TRANSPORTATION

State Route (SR) 92 Carr Canyon Road to Hunter Canyon Traffic Alert

Sept. 25, 2009

For Immediate Release

Traffic Alert SR 92 Carr Canyon Road to Hunter Canyon Sept. 28 – Oct. 2, 2009

The Arizona Department of Transportation (ADOT) has no traffic restrictions scheduled for the week of Sept. 28, as part of the SR 92 improvement project from Carr Canyon Road to Hunter Canyon.

SR 92 Carr Canyon Road to Hunter Canyon construction activities for the week of Sept. 28:

1. Roadway base materials continue to be made on-site with the large crusher located at the detention basin near Shirley Lane at the south end of the project.
2. Construction crews will continue working on the west side of SR 92 with box-culvert construction at the south end of the project.
3. Workers will be placing the aggregate base materials on sections of the east side of the project.

Please note: Changes to construction plans can happen frequently due to weather, equipment availability and personnel issues. We try to anticipate construction activities a week in advance but changes may occur. Intermittent lane closures, with short delays, may not always be known in advance.

ADOT has joined with the State Department of Public Safety and Governor's Office of Highway Safety in asking drivers to focus on safe driving. Please follow these safety tips for any travel:

- Buckle Up
- Be Patient and Don't Speed
- Check Your Vehicle, Including Tire Pressure
- Get Some Rest Before Your Trip
- Check Highway Conditions at www.az511.com or Call 511
