

# I-10 (I-8 to SR-87) Widening Project

## Project Overview

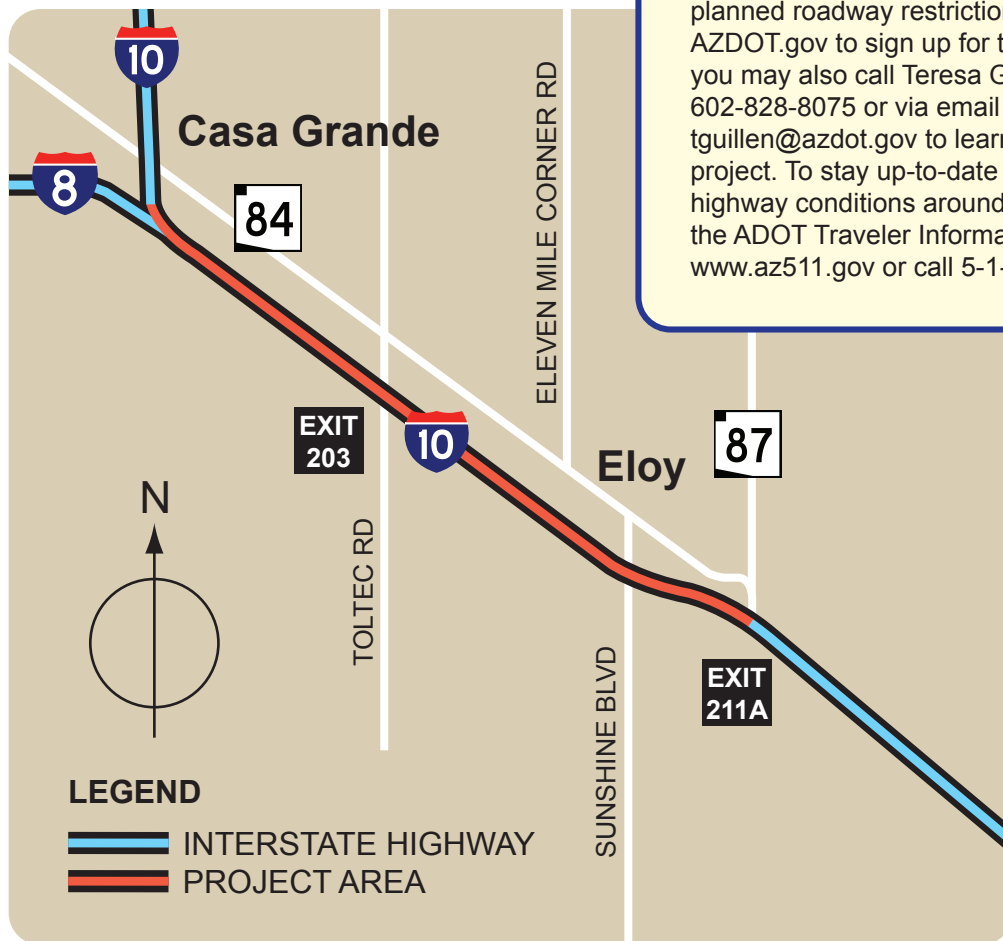

Construction for the I-10 (from I-8 to SR 87) Widening Project in Pinal County, between Casa Grande and Picacho, is currently underway. This segment of I-10 is being widened from two to three lanes in each direction to reduce traffic congestion and improve safety along this heavily traveled corridor. This project also includes the reconstruction of interchange bridges and two ramps. Construction began in September 2010 and is scheduled to be completed by spring 2012.

## Slow down in the work zone

As always, drivers are reminded to proceed through the work zone with caution, slow down, and be alert for construction equipment and personnel.

## For more information

ADOT strives to inform the public about planned roadway restrictions. Please visit [AZDOT.gov](http://AZDOT.gov) to sign up for traffic alerts or you may also call Teresa Guillen at 602-828-8075 or via email at [tguillen@azdot.gov](mailto:tguillen@azdot.gov) to learn more about this project. To stay up-to-date with the latest highway conditions around the state, visit the ADOT Traveler Information site at [www.az511.gov](http://www.az511.gov) or call 5-1-1.
