NEWS FLASH

2012 Airport of the Year

NOMINATE YOUR AIRPORT!

Do you know or are you an airport that has vastly improved over the past year? An airport that upgraded their facilities and services, implemented new processes to increase operational efficiency, or promoted the airport to garner community support? If so, why not nominate the airport for Arizona's Airport of the Year?

Every year, in recognition for outstanding accomplishments and contributions made to aviation, the Arizona Department of Transportation MPD/Aeronautics Group designates one airport as the "Airport of the Year." The lucky winner receives a highway sign for their community; a desktop version of the sign; and a display plaque for the airport.

Any member of the aviation community may nominate any public airport in Arizona, or as an Airport Sponsor you may self-nominate. Simply complete the information on the attached form and submit it to ADOT Aeronautics before Tuesday, February 14, 2012.

The winner will be selected based upon the information submitted detailing achievements in the following areas:

Aviation Advocacy and Community Outreach

Special Events and Recognition

Airport Management

Other Contributions

The recipient will be announced by ADOT, at the Arizona Airports Association Annual Spring Conference being held in May 2012. Show your appreciation for everything your airport and community contribute to aviation and send your nomination in today!

Previous Winners

1992 Colorado City Municipal
 1993 Sedona
