

**Meeting:** Technical Advisory Committee (TAC) Meeting #2

**Location:** Mohave Community College, Bullhead City, AZ

**Date and Time:** May 6, 2009 2:00 PM – 4:00 PM

---

**Attendance** See Attached Sign-In Sheet

---

**Handouts:** Meeting Agenda, Public Meeting Presentation (\*.ppt printout), Project Binders (3-ring) with Workplan and tabs for all project deliverables, 2002 General Plan Goals and Objectives

---

**Action Items**

- Comments on Working Paper #1 due to HDR by May 15, 2009
- HDR to provide revised Goals and Objectives to TAC for review in the coming weeks
- 

---

The Technical Advisory Committee Meeting convened at 2:10 PM.

Charlene FitzGerald, ADOT Project Manager, welcomed everyone. Brent Cain, HDR, provided an overview of the meeting agenda.

Brent asked that comments on the Working Paper #1 (WP1) be provided to HDR by the end of next week (May 15, 2009). Bill mentioned that the paper was distributed within the City (City Manager, Parks and Rec, and others) for comments and Mike will forward all comments received to HDR.

The following topics relating to WP1 were discussed:

- Mike Donnelly, Bullhead City Project Manager, will invite Janice Paul to join the Technical Advisory Committee.
- Vanderslice will meet Bullhead Parkway at DeSota Way.
- Show Colorado River boat ramps on the Alternative Modes figure (Figure 9, Alternative Modes), Karla Brady to provide locations.
- Expand on discussion of 2<sup>nd</sup> bridge in Key Issues Section.
- Existing roadway conditions section to be carefully reviewed by the City and comments directed to HDR.
- Refer to Bullhead Parkway where it meets with SR 95 as Bullhead Parkway (North) and Bullhead Parkway (South).
- Revisit truck counts reported, percentages seem high.
- Provide clarification on O/D study, figure would be helpful.
- Include Level of Service (LOS) descriptions in Appendix. (Refer to materials prepared for public meeting)
- City has additional structures (then those shown in Table 5), work with City to identify locations for inclusion.
- Pavement problems on SR 95 not reflected in Table 6, include information on source data date. ADOT has accelerated the plans for refinishing the roadway.
- Bullhead City conducted 2006/07 pavement study, add a paragraph summarizing findings.
- Call out results of RSAs within City. No fatalities along Bullhead Parkway since 2006 when safety recommendations were acted on.
- Crash locations (Figure 7) purple color indicating crash locations does not show up well against similarly colored functional class roadways.
- Green Line transit route recently adopted by City Council, request information from Sandy Smith.

## **Bullhead City 2009 Transportation Plan**

---

- Make mention of sovereign land along Colorado River as distinct from Arizona State Trust Land.
- Consider inclusion of a figure showing land ownership.
- Evacuation routes and potential impact of dam failure on Riviera neighborhood discussed.
- Traffic Analysis Zones (TAZ) map to be included in revised WP1.
- Work with Janice Paul, Bullhead City Development Services Director, in verifying/developing estimates and projections for population and employment.
- Review handout on General Plan Goals and Objectives. These are to be modified and included in the Bullhead City Transportation Plan. HDR will revise these based on input from the TAC to date, the May 6 Public Meeting, and stakeholder interviews scheduled for May 7 and 8, 2009. The revised goals and objectives will be distributed to the TAC for comments.

### **NEXT MEETING**

- Scheduled for 2:00 PM, August 20, 2009 at City Hall.

The meeting was adjourned at 4:20 PM.
