The Arizona Department of Transportation (ADOT), in cooperation with the City of Benson and Cochise County, is developing a long-range transportation plan for Northwest Cochise County. The purpose of this study is to evaluate long range improvements to roadways, non-motorized transportation modes, and transit in the study area. Local and state trends, citizen and stakeholder visions and goals, and emerging issues are key considerations in the development of this plan.

The intent of this meeting is to present progress made to date on the study, to seek additional public input on these efforts, and to further develop strategies to address future needs. The final plan will include implementation strategies and priorities for the selected plan for the years 2020 and 2040 based on need and potential funding.

For additional information regarding the project or to submit comments, please contact Sunny Bush at Katherine\_bush@urscorp.com or 602-861-7440. All comments need to be received by June 25, 2010. People with disabilities may request reasonable accommodations in accordance with the Americans with Disabilities Act by contacting Sunny Bush at 602-861-7440.
