SUMMARY:

The following comments were received at the SRPMIC Safety Day Event in regard to the SRPMIC Long Range Transportation Study.

- The following questions were asked:
 - ⇒ Will the light rail extend into the Community?
 - ⇒ What is the plan for the wash out part of Gilbert Road?
- Oppose development on Dobson Road because it is horse preserve land. Development would cause excessive traffic and dumping in the area.
- Build a mass transit loop route that has electric or hybrid energy source (non-gas).
- A city bus stop is need on the Reservation to get on Phoenix and Mesa transit.
- Provide a local trolley or small transit that runs between the casinos, ball field, shopping, and hotels and to the area north of the Arizona Canal.
