Full Service - On-Call – Materials Acceptance Home Page

This document is to be used by the Consultant & Sub-Consultant Administrator and Consulting Firm Employee to Prepare, Edit, and Submit timesheets, invoices and expenses as defined in the Construction Contract. This manual applies to Full Service, On-Call, Materials Acceptance and Temp Tech. The only difference is that Job Postings are show on the Temp Tech Home Page once signed in.

To get started go to the Construction Group Home Page http://adotnet/divisions/itd/construction/index.asp then click on the “ADOT Consulting Invoicing Home Page”.

The Home Page for Full Service, On-Call and Materials Acceptance shows alert messages for Invoices returned by ADOT or for Consultant Employees submitted timesheets.
Click “View” to display the time sheet entries in Read Only mode.

1) The Hourly Mileage rate will be displayed in the actual mileage column
2) The Personal Mileage rate and Company car mileage rate are per contract and effective by the time sheet week ending date.

NOTES:
• Approving a time sheet requires at least one editable invoice – (Refer to Add/Edit Invoice section for more details on how to Add/Edit an Invoice
• To view what employees have entered, use the View Button.
• For more details – Refer to “View Time Sheet “section
Temp Tech Home Page

1) Select “View Details” and you will be able to download and view the Job Posting details

NOTES:

- If your contract is not listed in the system contact the ADOT Administrator

NOTES

- Job Posting details are only accessible to Consultant Administrators who have at least one temp tech contract assignment
- When ADOT Administrator adds a new Job Posting Temp Tech utilization Consultant Administrators will get an email.
New Features - (Prime Consultant)

- Moving Approved Timesheets; (in Edit Timesheet page)
  - Any approved timesheets in an editable invoice can now be moved to any other editable invoice.
  - If the timesheet was an employee submitted one and if you have approved it to an invoice after this install, it can also be moved back to the approval queue (Home page).
  - The move option is the new one added in this release
• **Early Fixed Fee Reimbursement**: (in Create/Edit Invoice page, and applicable only for full-serve and on-call contract.)
  - Full-service and on call invoices can have a particular consultant firm and/or a particular TRACS ending with any invoice.
  - By doing that, any remaining fixed fee portion can be reimbursed for the selected firm and TRACS even before the last invoice for the contract.
  - The ability to choose the last invoice option for any consultant and any TRACS has been added in this release.
NEW Features - (Sub-Consultant)

- “Contract Setup”
  - Can be made – by entering/or importing budget, and expenses for full-service and on call contracts.
  - Employee rates can be entered for all contracts.

- “Budget Summary Screen”
  - Budgets can be imported or existing items can be saved
• “Expense Items”

  o Can be imported or entered manually one by one for each TRACS
• "Employee Rates"
  o Can be entered for each employee and TRACS number
• Invoices

- Can be prepared for each period the prime has already defined
- The invoice reports will be available as downloadable reports which can then be used to manually submit it to prime
• View “Pending Timesheet” approvals by prime
• “Employee List Report”
  - Now has additional information on assignment effective dates for each TRACS on the contract
Time Sheets

Using the following screens to “Create, Edit, and Upload” the Consultant Employee Time Sheets. (With or without RACFid)

- Verify Prime Consulting Firm & Contract #
- Enter the required information (*) - Invoice #, Consulting Firm and Employee, Tech Class and Week Ending Date
- NOTE: There should be at least one editable Invoice to add a time sheet
- Click “Create” to open up the time sheet data entry page
- If you do not find an employee or technician listed – Contact ADOT Administrator
- The weekend day should always be a Friday
Create Time Sheet

- Select "Create/Edit Time Sheet"
