LIGHT CLASS/EXEMPT USE CLASS
DECLARATION

Vendor - Cardlock or Mobile Fueling

Arizona law provides a reduced use fuel tax (18¢ per gallon) on light class and exempt use class motor vehicles. In order for the fuel vendor to charge the lower rate, the purchaser must declare any vehicles that qualify for the lower rate. This declaration is required for cardlock locations and mobile fueling vendors. Without a valid declaration, the vendor must charge the full 26¢ tax rate.

This declaration must be completed in full by the purchaser, signed and submitted to each vendor. The purchaser of the fuel or its authorized designee is responsible for this declaration. When adding or removing vehicles, an updated declaration must be provided to the vendor by the purchaser. A copy of the declaration, including any vehicles that have been added or removed must be kept on file and must be provided to ADOT for review on request. We may request additional information from the purchaser to verify any purchase at the 18¢ tax rate.

Vehicle Schedule

Table with 6 columns: Vehicle Identification Number, Year, Make, Plate, State, Light or Exempt Class. Multiple empty rows for data entry.

If more space is needed, attach separate listing.

Declaration

I certify that the listed vehicles qualify as light class and exempt use class motor vehicles under Arizona law.

Form with fields for Purchaser or Designee Name, Title, Mailing Address, City, State, Zip, Purchaser or Designee Signature, Date, and Daytime Phone Number.

Vendor Use

Form with fields for Company Name, MVD License Number, and Date.
